Dear Joshua:

On the eve of the historic Senate debate of the INF treaty, the Center for Strategic and International Studies invites you to a presentation of its net assessment of the post-INF balance in Europe. This assessment has recently been shared with a number of European leaders including Prime Minister Thatcher, West German Defense Minister Woerner, and the Permanent Representatives of the NATO Council. Senator Sam Nunn has asked that it be used as a conceptual framework for the INF hearings of the Senate Armed Services Committee, which begin January 25.

Our New York presentation will be Friday, January 22, 1988, in the Union League Club, 38 East 37th Street, over lunch, noon to 2 p.m.

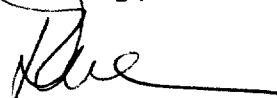

I realize that this is short notice, but believe the uniqueness of this CSIS contribution to the national policy debate warrants the urgency of this meeting. You are cordially invited to bring an associate or send a substitute.

Please RSVP to our Director of Conferences, Mary Park, here in Washington at (202) 775-3261.

I look forward to seeing you at our presentation.

With warm regards,

Sincerely,

David M. Abshire  
President
