Director
The New York Academy of Medicine
2 East 103rd Street

Dear Dr. McCormack:

Thank you for your letter of July 11th and the study proposal. I am very glad to see you pushing forward with this and I am sure that I speak for the entire University in wanting to lend our support to your forward look and as well as to the maintenance of a quality of service that is of the utmost importance to us.

Mrs. Mirsky would be the principal liaison for any practical steps. She has my full confidence; we are in good personal communication. I am glad to know that she has a similar rapport with you at the Academy.

Yours sincerely,

Joshua Lederberg
