

June 19, 1954

Dear Lou:

Thank you for the ms. and for the accompanying enclosures. I have been in and out of town and am only now getting down to reading the ms. seriously. So that I know just what to do with it, can you tell me the following: Has it been submitted for publication? If not, do you want a critical review from me-- in that event, where are you sending it? Do you want the ms. back?

Yours,

Joshua Lederberg
Professor of Genetics
