

NATIONAL ACADEMY OF SCIENCES

OFFICE OF THE PRESIDENT
2101 CONSTITUTION AVENUE
WASHINGTON 25, D. C.

25 August 1959

Dear Dr. Lederberg,

I am sorry that various extended trips during the summer have so long delayed my reply to your letter of 10 July. I am delighted that you will serve as a member of the Space Science Board and I fully understand the conditions which will limit the amount of time you can give and the amount of traveling you can do. It will be helpful to have the benefit of your interest, enthusiasm and wisdom.

With cordial regards, I am

Yours sincerely,

Detlev W. Bronk ^{1/B}

Professor Joshua Lederberg
Stanford University
Stanford, California
