

Personal memo from

Institutionalizing racism.

Dear Prof Gewirtz -

I enjoyed your Aug. 2 WSJ
and do look forward to your
book.

Almost 30 years ago I was
in great despair that one evil was
being countered by another. Perhaps
there will be a new look, or will the
pendulum swing too far once again?

For your new book, to which
I look forward, I send you some argu-
ments that still have barely been
voiced recently.

Yours sincerely,
Joshua Lederberg
