Dear Mr. Lederberg: Some time ago I read
a column of yours indicating the relative
safety in the use of mace against
unruly demonstrators. Since then, I have
been told, optometrists have evidence
that eye damage can be caused. I
would appreciate it if you would
tell me if further information of this
kind has come to your attention and,
if so, where I can obtain a copy of
the findings. Thank you.

Yours truly,
(Mrs.) J. Werner
