EARCH DEOPLE'S PARK Inc

September 21, 1971

Prof. Joshua Lederberg Stanford University Dept of Biology Palo Alto. Calif. 94305

Dear Prof. Lederberg,

The enclosed article outlines a new approach to the preservation of animal species on the brink of extinction.

We are trying to raise funds to develop a program based upon this approach.

Because of your expertise and reputation in the field of genetics your endorsement of the program would be extremely helpful in obtaining such funds. We would, therefore, like your permission to list you on our Board of Consultants.

If we are successful in obtaining funds, we would be happy to consider working with you on some aspect of our program.

Earth People's Park is an ecology-oriented planning group chartered by the State of New York as a non-profit, tax exempt organization.

We look forward to your reply.

Sincerely,

EARTH PEOPLE'S PARK

Saul Kent
