

MEMO FROM
J. LEDERBERG
GENETICS DEPARTMENT
STANFORD UNIVERSITY
STANFORD, CALIFORNIA

TO: Dr. Sperling

TX
RC
RO

Thank you for your thoughtful comments. I am sure you will sympathize with the problem of distilling an accurate perspective into a few hundred words.

I am not sure that we are in any particular dispute, and if you think we are it might be helpful if you were to single out the statements with which you would disagree.

I also enclose another position-statement that I communicated informally to Jean Mayer in reacting to some proposals at the Nutr. Conference.

Sincerely,
