Consumer Groups and Class Actions

If the Tydings-Eckhardt bills survive floor passage in their present form, we may not wish to rock the boat with this amendment. However, I ask a modicum of your attention to this possibility of strengthening consumer based actions, perhaps for legislative reaction at a later date.

~~xxxxxxxxxxxx~~

A vigorous consumer voice in the marketplace is, I think, quite relevant to your purposes at the Coalition.

Sincerely,

Enc: 2/6, comments.
