Dear Marjorie:

If you still have the following colicin-producers, I would appreciate having re-tranplants, to recoup our losses. I am not sure exactly how they were labelled.
Ck-R-- CA-38; Ck-G-- CA-46 Ck-K-- K-235. Thanks very much.

I'm sorry the S.I.B. meetings were so rushed that I didn't have a chance to talk to you at any length. Please give my regards to Dr. Miller.

Sincerely,

Joshua Lederberg
