Professor Joshua Lederberg  
 Department of Genetics  
 School of Medicine  
 Stanford University  
 Stanford, California 94305

Dear Professor Lederberg,

We are looking forward to receiving your article on a cost-benefit analysis of genetic disease for our special issue on "The Energy Crisis and the Radiation Controversy."

Please be advised that although publication of the issue has been postponed from June until September, we should have the article by May 20 if possible. Meanwhile, an author's questionnaire is enclosed which we would appreciate your completing and returning to us as soon as possible. In addition, we would appreciate receiving a photograph of you as well as any other illustrative material you deem appropriate.

Yours sincerely,

(Miss) Susan Cullen  
 Copy Editor
