Dr. Carl Djerassi  
Professor of Chemistry  
Department of Chemistry  
Stanford University  
Stanford, California 94305

Dear Dr. Djerassi:

The National Advisory Research Resources Council recommended approval of your grant entitled "Resource Related Research - Computers and Chemistry." The Council, however, recommended only three years of support at the following annual levels:

05	\$276,197
06	240,961
07	258,514

This informal notification of the status of your application is for planning purposes only. Therefore, since there is no assurance that a grant will be awarded, no announcements or commitments should be made.

If you have any questions regarding the Council's recommendation, please write or call Dr. Michael A. Oxman of this office.

Sincerely yours,

William F. Raub, Ph.D.  
Chief  
Biotechnology Resources Branch  
Division of Research Resources

cc: Mr. K. D. Creighton  
Mr. Robert D. Simmons
