To : Vic Barber, Courtney Jones, Joshua Lederberg,  
Elliott Levinthal, Emmanuel Mesel, William  
Miller, Jobst von der Groeben, Gio Wiederhold

FROM : L. J. Schneiderman, M.D.

SUBJECT: Future Development of Computer Applications at  
Stanford Medical School

I hope you will have a chance to go over these suggestions within the next week or so. I shall await your response as to 1) whether we should submit these proposals as preliminary recommendations to the Dean, or 2) whether we should call a meeting among the involved members to discuss them further.

If you have any strong feelings about additions to the Advisory Committee to the Dean, please forward the names for a group discussion.
