Dr. E. Borek
Veterans Administration Hospital
Brooklyn 9. ~~N.Y.~~ N.Y.

Dear Dr. Borek:

I am sorry that I do not have the K-12 mutants that you asked about. As you know, we have not been primarily concerned with metabolic analysis.

Dr. Adelberg at California has made a large number of auxotrophs in K-12; perhaps he might be able to help you.

Yours sincerely,

Joshua Lederberg
