Dear Gaylen:

The weekend of Dec. 1 will be fine. We have no other plans; if you just send a postcard, that will be enough confirmation, unless you foresee some trouble. We have lots of room. \*

It's too bad we couldn't coordinate just enough more for one item: Larry's here for a day or two now on his way back to Denver from a meeting in NY.

I'll not prolong this now, as we'll be seeing you soon. Drive carefully!

Sincerely,

Joshua Lederberg

\* and the following equipment:

hideaway double bed in basement-seminar room	i.e. 2 adults
1 double bed, foamex mattress, - guest room	3 children
1 single bed (short)- in study, easily moved downstairs.	

We can probably supply most of the bedding, but if you can conveniently carry some, plus one more cot, we can manage very well. If necessary, we can borrow an additional mattress from a living room couch. We'll leave it to you how you want to manage the details.
