

HARVARD UNIVERSITY
FACULTY OF ARTS AND SCIENCES

1957

OFFICE OF THE DEAN

5 UNIVERSITY HALL
CAMBRIDGE 38, MASSACHUSETTS

February 28, 1957.

Dear Mr. Lederberg:

I send this hastily line in the
hope that it may catch you before you go
to England, to say that I hope very much
indeed that you will keep an open mind
about your future plans until you can find
time to come to Cambridge - talk with us.

From all that I have heard

of your work and your interests, and from what
I know to be the future of science at
Harvard, I cannot but think that you
might find this the place to be.

Forgive my wretched scrawl - I want to
get this off without taking time for typing.

Sincerely

Isidor Rabi
