

8 June 1987

Dear Dr. Lederburg,

I was recently selected by the Stuyvesant Alumni Scholarship Committee to receive the award that you have established. I was very pleased to have been presented with this honor and I am sure that I will be able to make good use of the award money.

I am looking forward to beginning college this fall at Georgetown University-School of Foreign Service. I intend to major in international politics and to go on to law school. Thank you once again for the award. I hope that in the future I will be able to make a similar contribution to the Stuyvesant alumni.

Sincerely,

*Anne Pineda*

Dear Ms. Pineda

Thank you for your note.

I was very much interested in your career choice. Nothing could be more important. In fact, I have a close relationship with the Center for Strategic Studies at Georgetown. Perhaps I will meet you there some day.

all best wishes,

*John Lederburg*
