JUL - 7 1986

Dear Norton:

1948- penicillin

I don't find any correspondence
that touches on plans to publish.
But I'll alter the line.

What is the despair you refer
to? You first arrived at U-Wes.
in July. By Nov. we were al-
ready negotiating with IBC, JACS.

Bennie hasn't replied. I'll probably
call him next week.
