Dear Joshua:

Thanks for your "Nihil obstat" on  
the statement about GENETICS AND CHEMOTHERAPY.

I am sure that you by now have a copy  
of my reply to Carter. Dammit, I want to do  
such works, but this one is a terribly complex  
question from the standpoint of finances, as  
my letter to Carter will have explained to  
you.

Sincerely yours,

*Bill*
