

Prof F. Field.

JUL 18 1987

mass doublet fabrications.

Dear Frank -

I think I've sent you these
tables before. I just stumbled into
the file again.

Before I dispose of it all and
for all, I ask if you see any
merit in publishing - say I
parts of table 2 and table 10, if
only in the Journal of Chemical
Education.

(Or have these doublets already
been fabricated?)

Yours,

John
