For news of Paul F Clark

Thank you very much!

I don't believe I'd seen him since
1958 when I left Wisconsin but I
recall him with fondness and respect.
I often refer to his "pioneer... history".
And thank you for reminding me of
his connection with the Institut.

Certainly I will write him!

But having started with such an
anecdote can you leave it un-
finished? Who was Paul's wife?

Yours
John Peabody
