Aug 28th

Dear Dr. Lederberg,

It seems a very long time since I last wrote to you from England, but at long last I should like very much to take up your offer of visiting you + your laboratory.

I hope that this letter reaches you before you leave for Japan. if indeed I am right in assuming your intention to attend the meetings there. In any case I do not anticipate arriving in Wisconsin before around 23rd October, which I hope will find you there in any event.

Could you let me know if this date is convenient, or any other around about this time

Yours sincerely,

Rayston L. Lowe ?
