Dear Joshua;

I have received from Dr. Rensch the letter which you know. I answer him by the same mail, asking him to schedule a seminar on Friday 21.

I must be at Argonne laboratory on Sunday evening September 24, and hope to arrive at Madison either Wednesday evening Sept. 19, or Tuesday 20. I'll be coming from New York and do not know as yet the transportation. I'll give you later the exact time of my arrival.

Thank you very much for your kind offer of staying at your home. I'll appreciate it.

If you want me to talk informally at your lab, I'll do it with pleasure. ~~But~~ Please make definitive arrangements with Dr. Rensch.

Thank you again for your kind co-operation to
my travel.

With best regards to E. and J. Lederberg

yours

Raymond
