Miss Evaline McNary  
Women's Residence Halls  
Colorado College  
Colorado Springs, Colo.

Dear Miss McNary:

Mr. A. A. Leath has asked me to write a reference in support of his application for summer employment. I am very happy to recommend him to you. He worked in my laboratory for several months as a general technical assistant. I found him thoroughly reliable, conscientious in his work, and to hold a deep sense of responsibility. His physical adeptness belies his artistic training. I was very sorry to lose him as an assistant when his other obligations required that he leave our employ, and would be pleased to have him back at any time.

I must add that "A.A." has ingratiated himself with everyone whom he has met here, and beg to communicate my own hope that he can find a situation that will help him to advance his interests.

Yours sincerely,

Joshua Lederberg  
Associate Professor of Genetics
