Dear Mr. DeMars:

I am sorry that I may have to disappoint you for most of the request for reprints just received. My supply of the Cell Genetics... was very limited; additional copies can be purchased from the publisher. I am also out of the Salmonella paper; perhaps you can talk Zinder out of a copy if he has any left. I will save Sex Compatibility... for Streisinger and yourself— they haven't come in yet— and will be pleased to initiate exchange.

Sincerely,

Joshua Lederberg
