

May 17, 1947

Dr. M. Demerec  
Long Island Biological Association  
Cold Spring Harbor  
Long Island, New York

Dear Dr. Demerec:

I should like to attend the symposium from June 11 or June 12 to June 18, 1947. Unfortunately, I will have to leave one or two days before the conclusion of the symposium because I am sailing on June 20th.

May I inquire whether it will be possible to also find accommodations for my family (Mrs. Ch. and the boy) for the same period.

Sincerely yours,

E. Chargaff

kp

TWELFTH COLD SPRING HARBOR SYMPOSIUM ON QUANTITATIVE BIOLOGY

Nucleic Acids and Nucleoproteins

Tentative Dates: June 11 to June 20, 1947

Participant's name and address as it should appear on the program:

.....  
.....

Title of Paper: .....

.....

Expect to stay: (a) through whole symposium.....

(b) for .... day(s) when my paper is scheduled.....

(c) through whole summer.....

(d) through whole symposium and .... weeks thereafter.....

Will come: (a) alone.....

\*(b) accompanied by .... adults; .... children (give age and sex).....

.....

Please reserve: (a) single room.....

(b) double room.....

\*(c) apartment.....

(d) apartment with light housekeeping facilities (for those staying the whole summer).....

All participants on the program will be guests of the Laboratory during the Symposium, and their families will be accommodated at regular rates if facilities are available.

\*Living accommodations for families are very limited, and preference will be given to those who expect to work at the Laboratory.
