

July 6, 1951.

Dear Dr. Deserec:

I enclose herewith the odds-and-ends to my ms. for the Cold Spring Harbor 1951 Symposium. I hope that this unavoidable delay has not thrown you off schedule for publication. Please let me know if any of the instructions are unclear, and I will hasten to clarify them.

Mrs. Lederberg and I found the meetings very stimulating, and enjoyed the opportunity to attend them.

We have a considerable number of 35mm. snapshots of participants at the symposium. If you are lacking suitable photographs for the volume, let me know whom you need, and I will try to send an enlargement if we can.

Sincerely,

Joshua Lederberg
