

LONG ISLAND BIOLOGICAL ASSOCIATION  
COLD SPRING HARBOR, LONG ISLAND

THE BIOLOGICAL LABORATORY

July 11, 1951

Dr. Joshua Lederberg  
Department of Genetics  
The University of Wisconsin  
Madison 6, Wisconsin

Dear Lederberg:

Thank you for the figures and tables for your paper.

If it isn't too much trouble to you, we would like to have prints of all the good snapshots you took during the symposium. Some of them may be included in the volume, and all would be put in the scrap book that the Laboratory has.

With best regards,

Sincerely yours,

M. Demerec
