

April 20, 1950.

Mr. Harvey Machaver,
Personnel Director,
Jewish Hospital of Brooklyn,
Brooklyn 16, N.Y.

Dear Mr. Machaver:

Mr. Herbert Dorfman was not actually a student in any of my classes, and I know him only as a general assistant and dishwasher in my laboratory, which is primarily concerned with bacteriological research. However, what knowledge I have of him is quite commendable.

I found him to be a careful worker, quite diligent - even eager for work. He seems to be intelligent and very affable. He was rapidly developing competence in bacteriological techniques.

I am sorry not to be able to tell you of his academic qualifications but I simply have no knowledge of them. In every other respect, however, I am pleased to recommend him without reservation.

Yours sincerely,

Joshua Lederberg
Assistant Professor of Genetics
