Dear Dr. Frazier:
Dean Kiviln informs me that formal action by the Curriculum Committee $w 111$ be regqired before the catalog can be altered with respect to the time of offering of Cenetics-Bacteriology 107. I would appreciate the following request being laid before the committee:

That in the descriptions of Geneties 107 and Bacteriology 107 the statement that they will be offered in alternate years (1950-52; 153-54, etc.) be atricken out.

The requirements for a previous course in microbiology and consent of instructor stand in the present form.

Thank you,

Joghua Lederberg
