Dear Dr. Lederberg:

Thanks for your advice & suggestions. I wish I could use all the organisms you recommend but unfortunately I am limited both to having only 2 hands & one little brain.

Could I bother you for your strain of K12? I know you suggest to get it from Bernie Davis. Although <sup>he is</sup> ~~is~~ as the best of friends I should like to have it remain so. And so I would greatly prefer to obtain the strain from you if you have no objections.

Cordially  
J. Granick
