Mr. Michael A. Aronson Indiana University Press Tenth and MOrton Streets Blaomington, Indiana 47401

Dear Mr. Aronson:

I hope this proposal will neet Dr. Spurway's requirement (per her letter of 4/1) and yours.

- 1. Draft an irrevocable power of attorney-in-fact, authorizing me to act on her behalf, in form suitable to you for present purposes.
- 2. I will then negotiate a contract with you as outlined in your letter to her. I believe your offer is quite appropriate to the circumstances.
- 3. This contract should have the proviso that accumulated royalties will remain in your hands, to be paid out only as I may direct, to Spurway, or to her nominee or to any charitable cause. After five years, the balance will be paid over to her. This provision will, I believe, protect her and myself from being charged with constructive income not actually received.
- 4. In consideration there 66 you will not restrict her rights of separate publication in India.

Sincerely yours,

Joshua Lederberg
