

January 2, 1950.

Dr. Alex. Hollaender,
Biology Division,
Oak Ridge National Labs.,
Box P, Oak Ridge, Tenn.

Dear Dr. Hollaender:

After looking at my calendar, I find that it would be convenient for me to visit Oak Ridge in about six weeks: I would prefer to fly down the morning of Thurs., 16 Feb., and to return Friday afternoon. Are these dates satisfactory to you?

Please inform me whether you will issue a transportation request, or whether I will be reimbursed for my own purchase of ticket.

Yours sincerely,

Joshua Lederberg
Assistant Professor of Genetics
