Dr. Joshua Lederberg
The University of Wisconsin
Department of Genetics
Madison 6, Wisconsin

Dear Dr. Lederberg:

I think it would be very nice for our people to hear you talk since most of them have not heard you. I am attaching an organization chart which will show you that many of our people do not have very much background in bacterial genetics.

It would be nice if you could make it on Thursday, but if not, we can arrange a special seminar for Friday morning.

I am looking forward to seeing you.

Sincerely yours,

Alexander Hollaender.
