Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Dr. Lederberg:

Thank you so much for sending us the four strains of *Escherichia coli*, requested in our letter of October 2, 1956.

Since a reprint of your article entitled "Sex Compatibility in *Escherichia coli*" is not available, we would appreciate a recent reprint of any article dealing with F⁺ and F⁻ characteristics in *E. coli*.

Very sincerely,

Ruth Kundsins

(Mrs.) Ruth Kundsins,
Bacteriologist to Dr. Carl W. Walter
