

UNIVERSITY  OF KENTUCKY
LEXINGTON

COLLEGE OF ARTS AND SCIENCES
DEPARTMENT OF BACTERIOLOGY

14th January, 1953

Dr. J. Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Dr. Lederberg:

This note is to express my appreciation for the cultures and directions which you sent for the demonstration of recombination in bacteria.

We expect to try this demonstration soon and I am certain that some of our students will learn a great deal from it.

Yours sincerely,

R. H. Weaver,
Professor of Bacteriology.
