

M.B.L., Woods Hole, Mass.
August 26, 1947.

Dear Evelyn,

If you are still interested in a 2-3 day "course" in hybridizing *E. coli*, my plans are now settled, and I will be available about Sept. 10-17, preferably in an earlier segment of that period. Could you let me know whether that would be satisfactory? I shall be here at Woods Hole until about Sept. 7; at New Haven for a couple of days, and then in New York. Shortly after Sept. 17, we shall be leaving for Madison, Wisc., whence the restriction on time.

Yours sincerely,

Joshua.
