

February 25, 1941

Dr. M. Demerec
Biological Laboratory
Long Island Biological Association
Cold Spring Harbor, Long Island, N.Y.

Dear Dr. Demerec:

I have your letter of February 21 inviting me to come to Cold Spring Harbor as a guest of the Laboratory this summer, and am very pleased of course that you have not forgotten our conversation at Philadelphia. However, I am not yet in a position to say definitely whether I can or cannot come. I know you want to know as soon as possible and am going to try to bring things to a head as soon as I can and will let you know immediately thereafter.

With best wishes,

Very truly yours,

T. M. Sonneborn
