Professor T. M. Sonneborn
Department of Zoology
Indiana University
Bloomington, Indiana

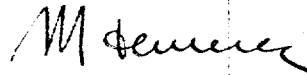

Dear Sonneborn:

For your information, the following is a copy of a cablegram I received from Dr. Chen this morning:

"Already accepted teaching position Minnesota State Teachers College. Sailing July 15. Greatly interested cytology of bacteria. Would be happy to get appointment research associate in your department, two thousand a year, and do research in Minnesota."

Since he has already accepted a position in Minnesota, I do not think that we can do anything for him at present.

Sincerely yours,

M. Demerec
