

The Jane Coffin Childs Memorial Fund for Medical Research

333 Cedar Street · New Haven 11 · Connecticut

November 2, 1960

Dr. Joshua Lederberg
Department of Genetics
Stanford University Medical School
Palo Alto, California

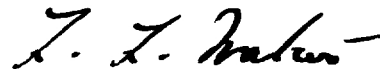

Dear Doctor Lederberg:

Dr. L. S. Baron, Chief of the Department of Bacterial Immunology at the Walter Reed Army Institute of Research, has applied to the Jane Coffin Childs Memorial Fund for a grant-in-aid in support of his investigations on the genetics of sex and virulence in Salmonella. He has given your name as reference.

Your opinion of Dr. Baron's qualifications as a scientist and as a person would be of great assistance to the Boards of the Fund in considering his application.

With appreciation in advance for this information, I am

Sincerely yours,

L. L. Waters, M.D.
Acting Director
Board of Scientific Advisers
