LAFAYETTE, INDIANA

Jan. 18, 1956

Dear Josh,

Alon and I plan to arrive in
Madison on February 13, by Northwestern
R.R., at 9:38 P.M. I can give the seminar
on Thursday, and on Friday we can
all go down to Gussner's together.

There is a rumor that a big-shot
Midwestern geneticist, from a state beginning
with W, has taken a job at Berkeley.
If you know who this is, would you
please congratulate him for me?

Best regards to Esther,

Saynor.
