Dear Lederbergs,

We had a very enjoyable time in Madison.

Thank you for your hospitality - but curses on the cat! It took a whole day for the asthma to clear up - fascinating phenomenon, allergy. How's the bursa?*

Esther, could I have a reprint of your lamb recipe on the enclosed card? A package of other - also of interest - reprints arrived today. Thank you.

The little book on groups is called "Galois & the theory of Groups", by L.R. Lieber.

I shall be coming to Scotland. See you at the Burn.**

Bon voyage!

Seymour Benzer

* P.S. I didn't realize at the time that you know my friend who gets bursitis before every trip -
Lou Boyarsky.

** Scot. & Dial. for a book, a pinulet, in case you don't know.
