TRAfford Park 3412

Municipal Buildings,
143, Regent Road,
Salford, 5.

28th. February 1953

Dear Professor Lederberg,

Dr. Clive Spicer, who recently spent some time under you, has informed me that there might be a vacancy in your department for a graduate English student.

Such a project interests me very much and I would, if it is still open, like to offer myself as a possible candidate. Would you be so kind as to let me have some further details about it ?

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'A. Bernstein', written over a horizontal line.

A. Bernstein

Prof. J. Lederberg,
Genetics Department,
Wisconsin University,
Madison, 6,
Wisconsin,
U.S.A.
