Pacific Grove, Sept. 2', 52.

Dear Lidnberg.

In a few days we shall leave from here on our way back to Denmark. We will be driving east with Nevill Symonds and have planned to go via the Grand Tetons to Madison — and then to Chicago and Habana. We would like very much to stop in and see you, and hope you will be back from summer vacation when we get to Madison, which, as far as can be estimated now, will be on Sept. 17' or 18'.

Hoping to see you soon,

Sincerely yours

Ole Maaloi
