Dr. Joshua Lederberg
Department of Genetics
Stanford University
Medical Center
Palo Alto, Calif.

Dear Dr. Lederberg:

Thank you for your letter and enclosure. I will be happy to send you a reprint as soon as they arrive. I have two large papers in press on season of birth -- the first is a study involving the Old World and the southern hemisphere and the second concerns the northern New World. A third one is in progress which will be an historical survey of data that exist from the 16th century onwards.

Dr. Hutchinson sends best wishes.

Sincerely,

Ursula M. Cowgill
