Dear Joshua,

thank you very much for the picture and
the biography.

Here is included the interview to Prize-winner J.L.
for Tempo Medico. I hope to have interpreted
faithfully what you have said and also what you
haven't said. Maybe I should have translated
it into English, but I am under the impression
that you can read Italian. Luca has approved
the text.

However please do make any change or
deletion that you think convenient. Only tell
me at once because the Journal shall be printed
at the end of the month.

Thank you very much for your generous collaboration.
It was a great pleasure to talk with you
and Ester

Sincerely yours

Ruggero
