Dr. Joshua Lederberg
Professor, Department of Genetics
Stanford University
Palo Alto, California

Dear Joshua:

Thank you for your evaluation of Dr. Kiyota.

No, I have not forgotten that I have promised a picture of Albert Einstein to you. I shall probably be at Stanford some time next week and shall bring one with me.

I also have a request; namely, that I might have your picture.*
I sincerely hope that you will favor me with one.

Sincerely yours,

Elizabeth R. Einstein
