Dear Dr. Edwards:

Thank you for your letter and suggestions.

Our itinerary as it now stands will bring us to Champaign this Sunday afternoon or evening. May I ask you to reserve motel accommodations for the three of us for that night? Of course, if a small apartment or light housekeeping rooms for Mrs. Lederberg and myself should come to your notice we'd be delighted to have them. In that event (unless there is room for three!) Dr. Spicer had better have a hotel place, as he does not have his own transportation.

When we arrive, I expect to inquire at the Center, at your home, at Cherry's and perhaps at Dr. Ewing's, in that order, for your instructions. In this way, it should be possible for you to leave word for us without being bound to your own phone.

Yours sincerely,

Joshua Lederberg
