Dear Joshua,

Our ship will sail from Savona on the 18th. The journey is supposed to last 14-16 days and to end at Norfolk, Virginia, where we should be on Sept. 1st-3rd.

I have to contact the Rockefeller people in New York and, if the ship is late and they do not work on Saturday (the 4th) I may be unable to be at Woods Hole before the evening of Sept. the 6th. *Luca Day*

If this date is not too late for you there is a good likelihood that we may join you on the way to Madison. However, we shall try to get there sooner than the 6th.

Perhaps the best is that I wire you when in Norfolk, and that you wire back to me c/o Rockefeller, New York (cable address) your proposed date of departure. This will put me in a position to judge whether we can reach you or not, and let you know accordingly. We shall contact Bernie Davis as well, when in New York. If you could let him ^{as earlier arranged} know about your programmes, it would give us a chance of knowing earlier about them, as he may be more easily able to leave a note or message for us if we come on Saturday or Sunday and he is away from New York.

We are very pleased to meet you and Esther soon.
