Dear Joshua,

Please forgive this letter written in a hurry; I have five minutes available and have to rush away for a few days. For this reason I have to ask you to stick again the labels on the figures enclosed; I am sending two, and can have more if necessary.

I was sorry to hear you too had bad news to report. The accident which your father suffered is a very heavy one both for the patient and for the family, but partial and even complete recoveries are observed.

All the best from us

*Luca*
